

Dashboard page

You can edit the dashboard page by editing the following file:

```
resources/views/dashboard.blade.php
```

This is what ships with Ticaga by default:

```
@php use Illuminate\Support\Facades\Auth; @endphp
@section('title', 'Dashboard - Ticaga')
<x-app-layout>
  <div class="max-w-7xl grid grid-cols-1 md:grid-cols-2 lg:grid-cols-3 gap-4 sm:gap-6 pt-16 mt-6 mx-auto">
